Sketch-up Model time saving set-up reminders:

- Scene Name? Please specify if more than one:
- Un-group model elements into LAYERS so **when layer is hidden** each of these categories **are isolated:**
1) Buildings 2) FFA/Seating 3) Hard-scape 4) Transportation 5) Trees & Veg 6) People
- Hide or delete unused layers
- Please set-up shadows and lighting as you want them using "Use Sun For Shading"
- Assign all windows to a single material (please name "ALL WINDOWS")
- Please Geolocate if you need me to add context from Google Earth

Notes:
